<p style="text-align: right;"><i>Present slot in GS-12</i> <i>in</i> [REDACTED] 25X1A6a</p> <p>1. Since my arrival at Station [REDACTED] I have been 25X1A6a made increasingly aware of the high percentage of time which my Support Chief dedicates to financial matters. Although I can provide no breakdown on the division of his duties, I am sure that more than half of his time involves providing financial support to the Station [REDACTED] 25X1A9a</p> <p>2. In considering a replacement for [REDACTED] in 25X1A2e Summer 74, the extent of the financial activity in this Station would dictate that a Finance/Certifying Officer be named to replace [REDACTED] and that Station [REDACTED] 25X1A6a be changed to a Class A station. During the coming year increased activity by the Station by the Soviets and CHICOM installations (previously not here in strength) will necessitate the assignment of an individual with finance background. [REDACTED] 25X1A9a</p> <p>3. In considering a replacement for [REDACTED] and 25X1A2e the establishment of a Class A station, COS strongly recommends [REDACTED] Finance Division, as one who would have excellent qualifications for this position. [REDACTED] 25X1A9a</p> <p>4. COS has previously worked with [REDACTED] and is confident that as a result of providing administrative support to the station and bases before during his last field assignment, that he is more than adequately qualified to handle the support responsibility of this Station.</p> <p>Attachment: u/s/c IDEN</p> <p>Distribution:</p> <p>3 - Office of Finance w/att u/s/c 3 - C/[REDACTED] w/att u/s/c 3 - C/EUR w/att u/s/c</p> <p style="text-align: right;">E2 IMPDET /continued/</p>

5. With the anticipated increase of financial responsibility, it is felt that a support officer (noncertifying) would need the assistance of another junior certifying officer to get the job done properly. Since an increase in TO in this Station for administrative support is not deemed feasible, the assignment of [REDACTED] would appear to be common sense solution to the problem.

6. Availability by [REDACTED] for such an assignment and a response to this proposal would be appreciated at an early date.
